

**RFQ 2022 -002
DESIGN BUILD SKATEPARK**

ADDENDUM #2

The RFQ mentions that the skatepark must be “Certified as Olympic Qualifying”. Can your team please provide direction on which organization will be certifying the project? Also, any details that could be provided on the process, timeline, cost etc. to get the project certified would be appreciated.

The skatepark is to have a competition level certification through World Skate. World Skate is the governing body for skateboarding and is officially recognized by the International Olympic Committee. It will be the responsibility of firms responding to the RFP to determine the Olympic certification requirements.
