

## RFQ 22-012 Fleet Management Systems

### ADDENDUM #3

Listed below are answers to additional questions that have been submitted regarding RFP # 22-012 - Fleet Management Systems.

#### Police Vehicles Only

The following questions are based on the functionality of the current GETAC system installed in the police vehicles.

1. Is the city looking for “always on” recording in order to monitor the rear seating area?

Not necessarily. The vehicles are equipped with a camera with the GETAC system and will record anyway.

2. Is the city looking for “always on” recording to monitor all activity from the forward-facing camera? **Yes**
3. Is the rear seat area currently monitored by a separate camera mounted in the front of the cab? (Forward facing/in-cab facing) **Separate camera**
4. Does the city need ALL video to be captured and stored, and available for review?

Initial to acknowledge and include with submittal: \_\_\_\_\_

Yes

5. How long does the city need the recorded video stored and available for review?

Georgia record retention law applies which is 180 days.

6. Does the city require full chain-of-custody tracking, including audit logs of all activity? Yes

### **Garbage Trucks Only**

1. Is the city requiring rear mounted/rear-facing auxiliary cameras to monitor the back of these vehicles? Yes
2. What is the purpose of the rear facing cameras on the back of the trucks? Safety

This Addendum is issued to modify or interpret the bidding documents. Bidders are hereby instructed that the terms and specifications for the above referenced project are modified, corrected, or/and supplemented as hereinafter described. Bidders are hereby instructed to acknowledge receipt of this Addendum.
